ABOUT ME

Design With Purpose, Creativity With Passion.

I'm Mouna. I am a recently graduated interior designer with a fresh and innovative approach to creating beautiful and functional spaces. My education has provided me with a strong foundation in design principles, while my internships and projects have given me hands-on experience in transforming ideas into reality. I am passionate about blending aesthetics with functionality to create environments that truly resonate with those who use them.

1 Year Master's Degree in Space Design (Interior Architecture)

- Ability to manage design projects from concept to execution
- Strong knowledge of construction methods, technical drawings, and material selection

Bachelor's Degree in Space Design

- Skills in sketching, drafting, and digital modeling
- Understanding of color theory, lighting, and spatial composition.
- Exploration of design history and architectural culture
